HANDLES  
2019 COLLECTION

— **You do not  
seek inspiration.  
You open  
the door for it.**

— **W**hat inspires you? Shapes and colours. Materials and finishes. Your favourite furniture. The entrance portals of old townhouses. Chopin's Nocturne Es-Dur Opus 9 No. 2 or the old punk record with the beautiful scratches. We find contrasts especially inspiring. It is so rewarding when they suddenly meet. Thick and thin, big and small. Black, white, and colourful. Minimalism and exuberant life. Sweet, sour, salty. Contrasts attract. In surfaces, haptics, transitions.

How do you deal with that? Contrasts want us to play with them. We invite you to do exactly that. With the style worlds by Häfele.

— Our new models show a wide range of ideas that are inspired by worlds of living, zeitgeist and style-defining eras. With textile, we offer a strong line with haptic effects and a cosy appearance as a charming contrast. bent tells a story of craftsmanship and high quality in every detail. A delicate appearance defines the grand entrance of slim. With finesse in the trend of fine lines. nouveau art deco I is, first of all, an eye-catcher, but also a wonderful haptic experience. Stylish reminiscence of a grandiose era. nouveau art deco II brings the pompous side of the 20s to life – a handle as a statement. Pure and simple, in the best sense of the word, the cube fits perfectly into the current trend of the focus on clear function. The cube knobs playfully interpret the cube.

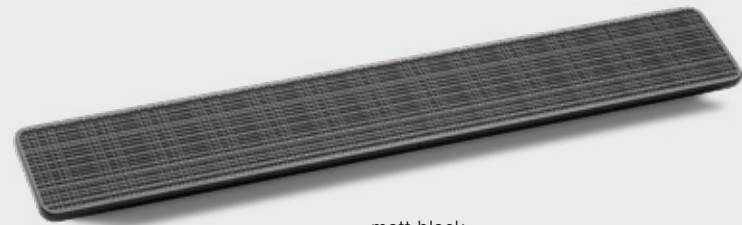

We invite you to get to know our new collection of handles to see and feel. To grasp in both senses of the word. To be inspired.

**textile** — Our home is increasingly becoming a retreat. It should be comfortable and cosy. At the same time, transitions are becoming fluid, multi-functional rooms are in vogue. textile is inspired by the combination of contrasts – technical function and the warm radiance of the unusual feel.

## **cube knobs —**

The playful interpretation of the cube gives the strictly functional appearance an individual touch. cube knobs give every piece of furniture its own independent appearance.
